

The Bachelor of Arts in Strategic Organizational Leadership provides an alternative for the adult learner who wishes to pursue a values-based bachelor's degree in the business field. This major expands upon the traditional business curriculum to include a greater emphasis on issues such as ethics, organizational dynamics, and diversity in all types of organizations. The courses in this major will strengthen communication and leadership skills and prepare students to adapt to the changes of an increasingly multi-cultural workforce and the continued globalization of the 21st century.
